March 2024 | Issue #9

Hi Friends,

So many exciting things to share in this quarter's issue!

The Talie Jane Interiors' team attended the annual Las Vegas Market at the end of January. We highlighted some of the key market trends in our blog post below, many of which surround the resurgence of the 70's style.

I had the opportunity to attend Modernism Week in Palm Springs, a world-class, eleven-day celebration of midcentury modern design, architecture, art, fashion, and culture. I was honored to have been invited by our partner, Ferguson, an acclaimed wholesale distributor of plumbing, HVAC, waterworks and supplies. Such a treat! The inspiration, networking and awe-inspiring architecture were fabulous. Check out the best parts of my trip in the linked article below.

Clear Creek is once again hosting its Builder/Architect/Vendor fair. It will take place on Friday, May 17th from 2:00-5:00. Come visit the Talie Jane Interiors booth at the Club House.

Talie Jane Interiors was the recipient of some amazing awards this quarter:

In addition to the exciting trips, events and awards noted above, this issue touches on interior design around the world, showcases one of our most recently completed projects - a new build in Clear Creek - highlights Shawn, our installer extraordinaire and offers great deals on designer furnishings.

Hoping spring arrives soon.

RECENT WORK

We recently completed a brand-new build in Clear Creek in partnership with Daniel Fraiman Construction. The 4-bedroom, 4.5 bath home features jaw-dropping mountain views with a rec room, home office, lots of storage space and fantastic outdoor living.

We were tasked with providing a comfortable, casual, design aesthetic, in the realm of a "minimal, modern-western" vibe and to incorporate several of the homeowner's existing furniture pieces and artwork.

In addition to selecting all hard goods and furnishings, the TJI team designed all cabinetry, including the kitchen, dining room, mud room, home office, pantry, bathroom vanities and dry bar. All window treatments and custom closet organization systems were also designed in-house by the TJI team.

WHY WORK WITH TALIE JANE?

Client Testimonials

"Personally, living in a home that has been artfully designed has always been a dream of mine. I'd flick through magazines as a child and circle elements I liked etc. I briefly wondered if I could design a home myself, though I am now extremely glad we brought in Talie Jane Interiors. The results so much more elevated than I could have dreamed. Through the process with the team, I realized that it's one thing to idly pick elements off a mood board, but the real skill and talent comes in bringing the elements together with cohesion, function, beauty, and flow. Not to mention the actual execution phase."

"Per usual, Talie exceeds all expectations. From materials selection, furniture aesthetic, wall colors, to most perfect accessories for each room. These are the things that homeowners just can't do—and this is what Talie Jane does!"

"TJI has my highest respect, and I am excited to work with them on future projects."

"We appreciate Talie's energy and talent for transforming awkward spaces into beautiful, functional rooms that

are a pleasure to be in."

"TJI's attention to detail and creative vision brought our project to life in a way that we couldn't have imagined."

"If you're looking for interior design services that are second to none, look no further than Talie Jane Interiors."

"Talie Jane Interiors designed us a home that transcended that brief by bringing out our personalities, and creating a cohesive environment that makes us feel good."
