The island is white quartz, and the swivel counter chairs are from McGuire furniture.

THE LIST
M

TOP INTERIOR DESIGNERS

Kudos to the talented pros who are on *ML's* list of the top interior designers at work in the Mountain West today. The following list was compiled from recommendations of clients, vendors, professional organizations and readers. In addition, designers featured in *Mountain Living* since May/June 2022 receive a special highlight that mentions their most recent projects.

Keeping our readers in mind, we've organized the list to be user-friendly. You'll find designers listed by state and town; some firms have more than one office location, and we have listed only their main corporate location. (Designers located in an area outside of *Mountain Living's* editorial territory are grouped together at the end of the list.)

You'll find photos from a few of our favorite high-country homes that have appeared in our pages during the past two years illustrating the list. See more of each home at mountainliving.com
